Dear sir:-

Absence from the city and being extremely busy when at home accounts for my not acknowledging prior to this, your favor of the 20th inst.

It is very gratifying for me to know that The American Numismatic Society has honoured me by an election to membership, and I desire to qualify as a life member. I have accordingly made out my check for $100. in the name of Charles Pryer, Treasurer, and enclose it in this letter, with the request that you turn it over to that official.

Yours truly,

Dear Sir:-

This morning August 10th I received your circular letter of July 27th addressed to members of the American Numismatic Society. I want one of the solid sterling silver Hudson-Fulton medals and, therefore, not only become a subscriber but enclose my check for ten dollars to cover my subscription. I trust my application is in sufficiently early so that I may receive one of the first medals struck from the dies.

Yours truly,

James H. Manning.

Gentlemen:-

From June 5th until the middle of September I was in the extreme western section of our country and therefore wholly unable to take advantage of your offer of June 28th concerning the Independence Day Medal. Because of that fact do you think it fair to omit me from your list of subscribers if I am anxious to order a bronze copy of the medal now? You will observe because of a condition wholly beyond my control I am placed in an embarrassing position.

The card for the Treaty of Peace medal I am signing and also the one for the medal to commemorate the visit of the Prince of Wales to the United States.

Kindly let me hear from you as soon as possible.

Very truly yours,

James H. Manning

Dear Mr. Manning:

Thank you for your letter of the 22nd, ordering bronze copies of the Peace Medal and the Prince of Wales Medal. The Peace Medal is being sent you today. The other will go forward probably within a week.

Concerning the Independence Day Medal, it seems to me that this is a case in which we can make an exception, and I will have another medal struck up and sent to you as quickly as this can be done. It will probably take two weeks or more.

Trusting this will be satisfactory, and again thanking you for your order, I am,

Yours very respectfully,

Secretary.

Dear Sir:-

As we desire to make our records as complete as possible, we are sending you the enclosed card which we would be very glad to have you fill out and return to us. This will keep us in a little closer touch with our members, and we can therefore render better service by knowing just what interests them.

I might also ask at this time if you are interested in our publication, Numismatic Notes and Monographs. In going over our records I find that not all of these issued have been sent you, that is, only the first 10 have been sent you. I am enclosing a list of those published, and should you desire Nos. 11 to 17 we will be glad to send them on to you.

Very truly yours,

Curator.

Dear Sir:

Your letter of the sixth instant has reached my hands and I thank you for sending me important information.

As a life member of the American Numismatic Society I am naturally interested in its publications and am always pleased to receive those that I am entitled to under my membership. The Numismatic Notes and Monographs Numbers 11-17 will be quite acceptable.

For the past few years I have not been an active coin or medal collector. My collection I sold at Fort Worth, Texas, about a year and a half ago and within the present year I have disposed of the collection of Mr. James Ten Eyck of my native city. It, as you have possible learned, was one of the largest collections of its kind in the country and contained many rare specimens.

Historical and artistic medals interest me and under favorable conditions I will do as I have in the past, favor the American Numismatic Society with my orders.

Very truly yours,

James H. Manning

Dear Mr. Manning:-

We were very glad to hear from you, and the balance of the Numismatic Notes & Monographs are being sent you under separate cover.

One reason that I wrote you was because we had a memorandum that you did not care to have the Journal sent you.

I knew that you had sold your coins some little time ago, but I am glad to know that you still have an interest in things "numismatic".

Very truly yours,

Curator and Acting Secretary.
